American Numismatic Society

Mr. Howland Wood, Curator

Dear Sir,

I wish to express my thanks for the data, Re. to the two Medals that I requested, viz. the items by Stiasny and John Flanagan, if you recall, I visited the Museum several weeks ago at which time you showed me the process of cleaning, the old Roman coins, and I attempted to explain the method of Gilding, etc. since then I have acquired several more medalions and my collection is becoming somewhat classy, I have weeded out the pluggy items, also have interested several of my friends in the study of Numismatics. in conclusion let me say that the Museum has been a source of great assistance to me, in advancing my knowledge of the subject.

Respectfully Yours

Albert Stackman

American Numismatic Society,

Mr. Howland Wood, Curator

Dear Sir,

I have in my collection, a bronze portrait placque, a profile of a woman, and I would like to ask, if you would kindly help me to identify same, the signature is exactly like the following illustration,

at the lower right hand side,

I have looked over all the available lists I have, and tried all the combinations of the 3 letters, but could not solve the puzzle, It seems to be a piece that was made about, 1890 or near that period.

Hoping to meet with your favor,

I am

Yours Respectfully

Robert Stackman

1520 Rosedale Ave.

Bronx..

P.S. It is without a doubt, the work of an American Sculptor or Medallist...

October 27, 1934.

Mr. Albert Stackman
1520 Rosedale Avenue
Bronx, N. Y.

Dear Sir:

We are unable to tell you the name of the artist that made your medal. We have made several inquiries and can get no light on the subject. If sometime you care to bring it down here we might have more to work upon.

Very truly yours,

HW:JG

Curator
